**MANGO CHEEKS**

**PRODUCT DESCRIPTION:**

Only whole sound mature fruit is used to manufacture Mango Cheeks. Fruit with openings or cuts in the skin is rejected and disposed of. The fruit is graded, sorted and washed prior to its arrival at the factory. The fruit is also dipped to inhibit the development of Anthraxnose.

The selected fruit is subjected to a spray rinse with a 1-2% sodium Hypochlorite solution to kill any bacteria on the surface. It is then sliced down either side of the seed to give 2 full mango cheeks which are run through the mechanical peeler to remove the skin and leave the surface of the fruit smooth. The peeled cheeks are then sprayed with water to ensure they are clean.

The cheeks are placed onto trays and blast frozen overnight

**PRODUCT LISTING:**

Mango cheeks 1<sup>st</sup> grade

**CHEMICAL SPECIFICATIONS:**

Comply with the Australian Food Standards and New Zealand Food Standards Code.

NUTRITIONAL INFORMATION		
SERVE PER PACKAGE: 20		
SERVE SIZE: 50g		
	PER SERVE	PER 100g
ENERGY	117.5kJ	235kJ
